

# BUILDING MENU

Shalom!

If you hold this wonderful brochure in hand, then you are a kind, sympathetic and just person.

The Jews of Ulyanovsk have been allocated land for the construction of a cultural center and we understand that a long and difficult path leads to the construction of our common home. We encourage you to participate in this noble, high-level business by choosing one or more of the charitable options offered in this menu - from buying a brick to devoting a whole section of the complex to a person dear to you, making the memory of it eternal. Each donation is priceless and worthy of the deepest gratitude. Successes and victories to you in your good deeds.

You have a unique opportunity right now to replenish your achievements. The fulfillment of the Tzedak commandment is perhaps the only thing we can do to perpetuate the memory of our dear people who have left us or leave our own mark in history. In gratitude for your contribution, the community will name your names in the historical memory book, on wallboards, and in all relevant information sources (brochures, booklets, catalogs, website, etc.).

In gratitude for the donation to pay for the construction of a separate sector, the name of the benefactor is unlimitedly assigned to this premise.

**Do tsdakah, contribute, help us, together we will be able to do anything.**
